Allison,

This also might be helpful. Katie and Roberta put together a narrative of the changes made in a word document. Katie's comments/changes/additions are "blue". Please let me know if you have any questions.

Alan

Hi Alan--

I'm starting to sift through the new/revised ag comments to consolidate them in the master list. Katie's comments you attached only appear to be the "index" page that describes where she revised or added new comments but does not include the worksheet that contains the actual comments. Do you have that in a separate document from Katie or do we need to go back and ask her for that info?

Thanks!
Allison

Allison,

Attached are the four matrices produced by the four Ag reviewers. Helen sent you her additions in a 6/25 e-mail which explains her additions. Her matrix is the Code of Public Comments "Ag Hydromod...". My additions in my matrix are yellow coded. I believe RParry's are green, and Katie FLAHIVE are somewhat hard to tell. I think we just need to compare the original matrix with Katie's.

Thanks again for all of your help.

Alan
